David,

It was a pleasure meeting you last week at the joint CIPA / WSPA meeting and hearing your perspective on the AE process as it moves forward.

As a follow-up to that conversation, one of our company representatives became aware at a meeting on Aquifer Exemptions earlier this afternoon that something in the AE process may be slowing or otherwise changing effective September 25th.

Can you provide any insight into this date or to what they may be referring to?

Thank you,

Scott
